

## PRODUCT DATASHEET

### GENERAL

For use in Poultry and Pigs to promote/support optimal metabolic functioning, particularly energy production and storage.

### MODE OF ACTION

Cardio-Os™ contains Taurine, L-Carnitine, and Coenzyme Q10.

Taurine, an amino acid, plays a vital role in bile salt formation, enzyme activity, receptor regulation, osmotic regulation, cation homeostasis, cell development, and cell signaling. It may also help protect the liver from injury and improve lipid profiles.

Coenzyme Q10 is an antioxidant essential for mitochondrial energy synthesis.

L-Carnitine aids in transporting long-chain fatty acids into mitochondria, which is crucial for energy metabolism.

### MAIN INGREDIENTS

- V32601 - Tauros®
- V33452 - Super Carnitine
- V33214 - Super CoQ10

### SPECIFICATION

- Colour: White
- pH value: 4.1 – 5.6

### RECOMMENDED DOSAGE RATE

**Use only as directed, in consultation with a registered nutritionist and/or veterinarian.**

#### Poultry:

- Water: 250 - 500 grams per 1,000 liters of drinking water for a minimum of 5 days.
- Feed: 500 - 1000 grams per 1,000 kilograms of finished feed.

#### Pigs:

- Water: 170- 350 grams per 1,000 litres of drinking water for a minimum of 5 days.
- Feed: 500 - 1000 grams per 1,000 kilograms of finished feed.

### SAFETY

Keep out of reach of children, uninformed persons, and animals. Wear protective gloves, protective clothing, eye protection, and face protection. Wash skin thoroughly after handling Irritant. Refer to SDS for relevant information.

### STORAGE

Store in a cool, dry, well-ventilated place.

Store away from food and foodstuffs.

Keep out of reach of children, pets, and uninformed persons.

The expiry date printed on the label applies when these recommendations are observed.

### PACKAGING

10 kilograms (40 x 250-gram foil sachets);

25 kilograms
