Bontera[®] BIO-ASSIST

Microbial Plant Growth Enhancer
Water-soluble powder concentrate
Registration number: M156 (Act 36 of 1947)

Bontera[®] BIO-ASSIST is a broad-spectrum blend of effective and high performing microbes specially developed to improve plant photosynthesis, and promotes overall plant development by assisting plants to overcome various stresses.

Increases Plant Health

Better crop quality

Plant Strengthenener

Bontera[®] BIO-ASSIST is a water-soluble product containing high performing microbes in large quantities that are known to help improve plants that are under stress due to common biotic and abiotic factors. Please note that this product is not a pesticide. All of the microbes are naturally occurring and formulated into a unique mixture of organic acids.

Why choose Bontera[®] BIO-ASSIST ?

Highly effective and robust

- works on all crops and in all soil types

Low application volumes

- a little goes a long way

Compatible with chemicals

- no extra applications necessary

Stable for two years in a wide variety of storage conditions

- does not need refrigeration

Registered Plant Nutrient Content:

Organic acids 86%

Beneficial Microbes 1%

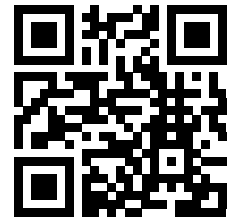

Total cfu count: 2.0×10^8 cfu/g
