

## APS 18 COMPACT M-CUBE cordless jigsaw

Illustration only

### Precise and powerful M-CUBE cordless jigsaw for universal use in wood

- Long service life due to extremely low-maintenance and efficient EC brushless motor
- Easy and tool-free saw blade changes with automatic ejection
- Supplied dust protection optimises extraction of the saw chips\* and prevents wood chips from flying around
- Coordinated with Würth saw blades for optimal cutting performance especially in wood
- Speed adjustable in five stages for the respective application
- Automatic gear enables sawing to be started slowly and the speed to be increased automatically
- Switchable LED light, can be switched on or off at the push of a button
- Pendulum action adjustable in three stages for flexible application
- Integrated dust extraction: Supplied dust adapter allows connection of a Würth vacuum cleaner (via adapter)
- Dust extraction performance tested and optimised together with dust protection

### 3-year Würth power tool guarantee on wear and tear damages and replacement of batteries and chargers.

The guarantee is subject to the current terms and conditions, which must be followed.

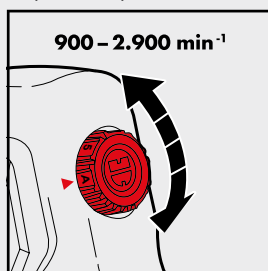

### 3 Years Warranty on manufacturing and material defects

Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.
