

REDSTRIPE DRILL DRIVER ABR 12 COMPACT

A compact, professional cordless drill driver without impact for assembly, disassembly, installation, and service work. Equipped with a brushless motor for efficiency and durability, it offers adjustable torque settings for precise screwdriving and smooth drilling in wood, metal, and plastic.

Voltage	12V
No-load speed	0-500/0-1800min
Torque adjusting positions	20+1
Maximum torque	40Nm
Chuck size	10mm - 3/8"
Max - drilling capability	Steel - 10mm , Wood - 20mm
Max - screw diam	4x40mm
Machine weight (bare tool)	0.8 kg

BRUSHLESS MOTOR

NEW

- Dual speed adjustment: High setting for efficiency, low setting for maximum torque
- Quick-change, durable metal chuck
- Battery indicator displays power level
- High-quality battery cells for extended use.
- Comfortable rubber handle.
- Easy forward and reverse operation with a single switch.
- The LED with a pre-light function illuminates dark or poorly lit work areas.

ADVANTAGES

- Delivers higher working efficiency by combining high torque with high speed.
- Super compact and lightweight drill for extreme comfort and tight-space versatility..

STORAGE CONDITION

The recommended storage temperature of tools and battery is from 0°C to 45°C

Battery Storage:

- Remove batteries from the tool when not in use.
- Store partially charged batteries (around 40-60%) for longterm storage.
- Avoid contact with metal objects to prevent short circuits.

APPLICATIONS

Light to medium duty drilling
 Electrical & plumbing installations
 Maintenance & service work
 Automotive repairs & accessory installations

RESTRICTIONS

Do not expose power tools to rain or wet conditions. Water entering a power tool will increase the risk of electric shock.
 Do not operate power tools in explosive atmospheres, such as in the presence of flammable liquids, gases or dust.
 Avoid over-tightening screws to prevent stripping.

MODE OF USE

The operating temperature of tools and battery is -20°C to +60°C
 Use cutting oil for metal drilling to reduce wear and heat.

CROSS SELLING

Drill Bits/ Drive Bits/ Spade Bits/ Bit Holders/ PPE
