

Sparex and SHW have teamed up to create **SHW-ECO!**

SHW-ECO is a new range of economical tines that are built to a set standard. Benefit from the same great processes that make SHW the world's leading tine, **made in Germany**.

Choose from two M28 CONUS 2 tines, ranging from 1100mm to 1250mm in length.

SHW-ECO

S.166980

SHW-ECO

S.166979

**Loader Tine - Straight 1100mm,
Thread size: M28 x 1.50 (Square)**

Max. Tine: Ø44mm

Fitting: Conus 2

HD Bush: S.130725

Nut Included: S.77030

- SHW tine is more precise at the tip (easier intrusion)
- SHW can carry higher forces even though the taper is thinner and the tine is lighter overall
- SHW stamp stands for highest Quality – it is for manufacturers and wholesalers a marketing strength because of our brand recognition in the market.
