

Multi Plus maintenance oil

High-performance multi-functional spray with multi-functional spray head for universal use

Universal application and protection

- Versatile, synthetic high-performance multi-functional spray
- Stops squeaking and creaking, and lubricates anything that is seized or jammed
- Cleans and protects plastic and metal parts, e.g. panels and housings
- Lubricates closures, hinges, bushings, chains and door locks
- Multi-functional spray head for a broad range of applications

Comprehensive protection

- Releases rusted metal parts
- Corrosion protection for metals and electrical assemblies
- Excellent lubricating properties due to boron nitride additive
- Prevents lock cylinders and closures from freezing up
- Displaces water to protect against moisture
- Excellent creep properties for use as a rust remover and contact spray

Compatible with most materials

- Penetrates and displaces moisture around electrical and electronic systems
- Does not attack rubber, paint or plastic

Resistant to high temperatures

- Boron nitride allows a wide temperature range and a long-lasting lubricating effect
- In the event of oil lubrication above 180 °C, boron nitride takes over lubrication up to 1,000 °C (dry lubrication)

Contents	400 ml
Chemical basis	Synthetic oil
Colour	Yellowish
Min./max. temperature conditions	-40 to 180 °C
Shelf life from production	24 Month

Art. no. 0893 056 000

P. Qty.: 1 / 12

Details/Application

- Physiologically safe lubricant; ideal for the food processing industry
- If used in areas in which food is processed or stored, only the minimum quantity technically necessary may be used

Instructions

- Shake the can before use
- Spray parts and allow to take effect for a short time
- After using, spray the can upside down until it is empty

Proof of Performance

Notice

- NSF H1-registered
- If the product is to be used as an anti-corrosive film, it must be completely removed before the device in question is used again

The usage instructions are recommendations based on the tests we have conducted and our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result.
