

Cable tie tool

For polyamide cable ties

4.6–13.5 mm

Makes installation easier and faster:

- Pre-adjustable tightening torque with fine adjustment; the same tool can be used for several widths of tie
- Cuts ties once the preset torque is achieved, does not leave sharp and hazardous edges
- Blade is easy and quick to replace
- Ergonomic design, padded handle
- Durable fibre-glass reinforced plastic shell
- Strong chrome-plated steel parts
- Suspension hook
